

## RED MOUNTAIN

## 2021 Reserve Cabernet Sauvignon Heart of the Hill Vineyard

## VINTAGE NOTES

- 2021 was a very warm growing season which resulted in intensely concentrated flavors in the wines.
- Our typical cool nights during harvest helped us retain the wonderful natural acidity Washington is known for.
- The season produced red wines dark in color and dense in concentration and white wines with varietal character and bright vibrancy.

## VINEYARD NOTES

- Red Mountain is a premier vineyard site known for producing powerful, opulent wines of distinction.
- The area has a desert climate with average yearly rainfall of five inches per year.
- The Hezel loamy fine sand soil is excellent for growing grapes because it allows for superior drainage.

## WINEMAKING NOTES

- Fruit was handpicked at the peak of ripeness, destemmed, sorted and placed into small fermenters for primary fermentation.
- Secondary fermentation and aging took place in a combination of concrete, oak barrels and small stainless steel tanks.
- The aging combination resulted in a fresh, expressive wine that is deeply layered and nuanced.

## TASTING NOTES

Fermented in concrete to show the elegant side of Red Mountain and retain bright acidity while bringing wet stone & red currant aromatics. Final blending brought a touch of new French oak to round out the palate & bring a beautiful length to the finish. – Will Wiles, Winemaker

TA: 0.53 g/100mL

PH: 3.79
