WINEMAKING NOTES

- Grapes were sourced from vineyards throughout the Columbia Valley and picked with relatively low sugar and good acidity.
- The fruit was pressed gently, producing juice with a delicate pink hue.
- Extended, cool fermentations in stainless steel tanks maintained bright aromatics and fresh flavors.

RECOMMENDED FOOD PAIRINGS

- Charcuterie, three melon salad with honey and lime, soft and creamy cheeses.

TASTING NOTES

“This light, fresh Rosé Wine starts with elegant scents of cranberry, pomegranate and Bing cherry. Delicate red fruit flavors are joined by a pleasant effervescence and a juicy crispness that lead to a refreshing finish.” -Keith Kenison, Winemaker
